THE WIRZ MONUMENT AT RICH. MOND.

The Georgia division of the United Daughters of the Confederacy after two days consideration of the matter decided to locate the monument to Captain Henry Wirz, who commanded the Confederate prison at Andersonville, at Richmond No Georgia city seemed able to secure a majority in the voting. The Richmond city council is expected to done to a site for the monument which is now at Amer-

ieus. Ga , ready for placing. The entire inscription upon the monument is as follows: In memory of Oapt. Henry Wirz,

Born Zurich, Switzerland, 1822; Santenced to d. a. h and executed at Washington, D. C., November 15, 1865. To rescue his name from the stigms attached to it by embittered prejudice this shaft is erected by the Georgia division, United Daughters of the Confed-

Discharging his duty with such humanity as the harsh circumstances of the times and the policy of the foe permitted, Capt. Wirz became at last the victim of a misdirected popular clamer. He was arrested in time of prace while under the pain of a parole, tried by a military commission of a service to which he did not belong, and condemned to ignominious death on charges of excessiv cruely to federal prisoners. He indignantly spurned a pardon, proffered on condition that he incriminate President Davis, and thus exonerate himself from charges of which both were innocent,

It is hard on our men held in southern prisons not to exchange them, but it is humanity to those left in the ranks to fight our battles. At this particular time to release all rebel prisoners in the north would insure Sherman's defeat and would compromise our safety here. ULYSSES S. GRANT.

DENOUNCED SOCIALISM Monsignor John H. Fox, vicar gen

The Catholic Church is not in politics and does not ry to influence her mem-bers in things purely political. But when a party invades the domain of morals, it is her duty as the teacher of truth and morality to expose is danger-

ous and 'alse teachings.
"The preachers of socialism say that the sole object of soc alism is to improve the condition of the laboring classes and do away with the existing social a d eco-nomic troubles. They work upon the passions of the laboring classes by exage a ing their burdens and bardships and the case and luxury of the rich. They troute this disparity of conditions to a defect in our government, and use it as an argumer t in layor of their revolutionary doctrine.

"Pointed dishonesty, the conflict between labor and capi a', and the hard-ships of the poor are not the result of any defect in our government. We have an ideal form of government, a government
where the people govern themselves,
where every citizen has a voice and a
very in the administration of public
